**A Course in Functional Analysis (Graduate Texts in Mathematics)** By John B Conway

This book is an introductory text in functional analysis. Unlike many modern treatments, it begins with the particular and works its way to the more general.

From the reviews: "This book is an excellent text for a first graduate course in functional analysis....Many interesting and important applications are included....It includes an abundance of exercises, and is written in the engaging and lucid style which we have come to expect from the author." --

Review

Second Edition

*J.B. Conway*

*A Course in Functional Analysis*

*"This book is an excellent text for a first graduate course in functional analysis . . . Many interesting and important applications are included . . . This book is a fine piece of work. It includes an abundance of exercises, and is written in the engaging and lucid style which we have come to expect from the author."*

### **?MATHEMATICAL REVIEWS**

From the reviews of the second edition:

“This book should be in the library of anyone teaching functional analysis or who wants a working mathematician’s masterfully developed course on functional analysis . . . This book is a comprehensive introduction to functional analysis. . . I definitely recommend this book to anyone who really want/need to learn true functional analysis for graduate work.” (Philosophy, Religion and Science Book Reviews, [bookinspections.wordpress.com](http://bookinspections.wordpress.com), October, 2013)

About the Author

## **Users Review**

**From reader reviews:**

**James Dungan:**

Reading a book tends to be new life style within this era globalization. With studying you can get a lot of information that can give you benefit in your life. Together with book everyone in this world could share their idea. Publications can also inspire a lot of people. A great deal of author can inspire all their reader with their story as well as their experience. Not only the story that share in the guides. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors these days always try to improve their ability in writing, they also doing some exploration before they write with their book. One of them is this A Course in Functional Analysis (Graduate Texts in Mathematics).

**Cedric Baker:**

Don't be worry if you are afraid that this book may filled the space in your house, you may have it in e-book means, more simple and reachable. This specific A Course in Functional Analysis (Graduate Texts in Mathematics) can give you a lot of pals because by you investigating this one book you have matter that they don't and make you actually more like an interesting person. This specific book can be one of one step for you to get success. This publication offer you information that probably your friend doesn't learn, by knowing more than different make you to be great people. So , why hesitate? Let's have A Course in Functional Analysis (Graduate Texts in Mathematics).

**Jennifer Johnson:**

That guide can make you to feel relax. This particular book A Course in Functional Analysis (Graduate Texts in Mathematics) was colourful and of course has pictures on the website. As we know that book A Course in Functional Analysis (Graduate Texts in Mathematics) has many kinds or type. Start from kids until youngsters. For example Naruto or Detective Conan you can read and believe that you are the character on there. So , not at all of book are generally make you bored, any it makes you feel happy, fun and rest. Try to choose the best book to suit your needs and try to like reading in which.

**Anne Young:**

Some people said that they feel uninterested when they reading a guide. They are directly felt it when they get a half regions of the book. You can choose typically the book A Course in Functional Analysis (Graduate Texts in Mathematics) to make your current reading is interesting. Your current skill of reading expertise is developing when you including reading. Try to choose basic book to make you enjoy to see it and mingle the opinion about book and studying especially. It is to be initially opinion for you to like to wide open a book and examine it. Beside that the publication A Course in Functional Analysis (Graduate Texts in Mathematics) can to be your friend when you're truly feel alone and confuse in doing what must you're doing of that time.
