Design, User Experience, and Usability: User Experience Design for Everyday Life Applications and Services: Third International Conference, DUXU 2014, ... Part III (Lecture Notes in Computer Science) From Springer

The four-volume set LNCS 8517, 8518, 8519 and 8520 constitutes the proceedings of the Third International Conference on Design, User Experience, and Usability, DUXU 2014, held as part of the 16th International Conference on Human-Computer Interaction, HCII 2014, held in Heraklion, Crete, Greece in June 2014, jointly with 13 other thematically similar conferences. The total of 1476 papers and 220 posters presented at the HCII 2014 conferences were carefully reviewed and selected from 4766 submissions. These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. The papers accepted for presentation thoroughly cover the entire field of Human-Computer Interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The total of 256 contributions included in the DUXU proceedings were carefully reviewed and selected for inclusion in this four-volume set. The 69 papers included in this volume are organized in topical sections on design for health; design for reading and learning; design for mobility, transport and safety; design for rural, low literacy and developing communities; design for environment and sustainability; design for human-computer symbiosis.
