Editorial Review

From School Library Journal

Starred Review. Grade 6–10—Nonstop action may keep readers glued to this page-turner, but strong writing and character development are what will make it linger in their memories long after they've finished it. Princess Rosalind Pendragon is meant to fulfill a 600-year-old prophecy from Merlin that she will restore her family's good name and end a war. Rosalind was born with one dragon talon, which is a fearful secret known only to the teen and her mother. It is kept hidden by the golden gloves that Rosalind is never without, and over the years, the queen tries desperately to find a cure for the curse. When Rosalind reveals her claw to Lord Faul, a dragon that has been terrorizing the island, her destiny is set in motion. Taken by him to be nursemaid to his motherless children, she learns of her dragon blood and of her mother's treachery. Rosalind and the dragons are bound together in a complex relationship that, in the end, helps her fulfill the prophecy. Her heroic journey comes full circle, and she finds internal peace as well as peace for her people. While the story has roots in traditional fairy tales and legends, the author has crafted something new and magical, and unexpected plot twists will surprise readers throughout. Lord Faul and Rosalind, whose personality is a fantastic combination of Joan of Arc, Briar Rose, and Patricia Wrede's Princess Cimarron, develop so well as characters that readers will be touched by them. Devotees of fantasy adventure stories will certainly find treasure here.—*Cheri Dobbs, Detroit Country Day Middle School, Beverly Hills, MI*

Starred Review In stunning, lyrical prose, Carey tells the story of Rosalind, a twelfth-century princess destined for greatness by a prophecy from Merlin: the twenty-first queen of Wilde Island, which is plagued by dragons, will do three great things. Rosalind is to be that queen, but because she was born with a finger that looks exactly like a dragon's claw, she always wears gloves of gold. If exposed, her deformity will mark her as a witch and spell her doom, so anyone who finds out about it has died. Her life takes a strange turn during the summer Rosalind is 16; she is plucked from the ground by a dragon and flown to its keep high in the mountains on another island to serve as nursemaid to its four motherless pips. Carey smoothly blends many traditional fantasy tropes here, but her telling is fresh as well as thoroughly compelling. Fantasy fans wanting a slightly different take on dragons might enjoy books by N. M. Brown and Jason Hightman. *Diana Herald*
