### Editorial Review

From Library Journal

Brueggemann, a leading Protestant Old Testament scholar, gives an exciting study of three passages from I and II Samuel. Using literary and rhetorical analysis and studying the themes of power, providence, and personality, Brueggemann draws implications for contemporary Christian ministry from the story of David's rise to power and Saul's decline. Brueggemann reveals especially Yahweh's hidden but powerful presence, the complex and revolutionary cultural situation, and the personal charisma of David, as well as the lessons contained therein for today. Highly recommended for all libraries; essential for seminaries.
