## Reformed Dogmatics: Soteriology By Geerhardus Vos

"Like books, people can become 'classics.' Great in their day, but richer and more fulfilling with time. Not yet a classic, Vos's never-before-published *Reformed Dogmatics* is more like a lost Shakespeare play recently discovered." --Michael Horton

Until recently, *Reformed Dogmatics* was only available in its original Dutch. But now you too can access Geerhardus Vos' monumental work of systematic theology. This brand-new English translation was edited by biblical theologian and Vos expert, Richard B. Gaffin, Jr.

In *Volume Four, Soteriology*, Vos discusses:

The nature of salvation  
The evidence of salvation  
The order of salvation (ordo salutis)  
And more

## Editorial Review

### Review

Like books, people can become 'classics.' Great in their day, but richer and more fulfilling with time. Not yet a classic, Vos's never-before-published *Reformed Dogmatics* is more like a lost Shakespeare play recently discovered. There seems to have been a flurry in recent years of systematic theologians writing with an eye for biblical theology. With this series we now have a biblical theologian writing a systematic theology. Thanks to Lexham Press for giving us such a long-awaited but impressive access to this much-discussed gem.

--**Michael Horton**, Prof. of Theology and Apologetics, Westminster Seminary California

The state of access to deep, historic, orthodox Reformed theology has progressed exponentially in the last decade or so. Resources previously inaccessible to many have now become available to a vastly wider audience. In my view, the capstone of this accessibility is in this masterful work of Geerhardus Vos. Vos has the singularly unique accumen and ability to summarize and state concisely some of the deepest truths of Reformed theology. These volumes will now be my first recommendation to anyone who wants to understand the riches of the Bibles' teaching in a compressed and clear way. Thanks to Richard B. Gaffin Jr., to the translators, and to Lexham Press for putting this work into our hands.

--**K. Scott Oliphint**, Prof. of Apologetics and Systematic Theology, Westminster Seminary California

This translation of Vos' *Dogmatiek* is the last link in access to his magnificent oeuvre. English readers will now be able to match the Princetonian's commitment to historic Reformed doctrinal orthodoxy with his pioneering work in redemptive-historical biblical theology. The interaction is refreshing as well as pace-setting. Kudos to publisher and translator alike for undertaking this project.

--**James T. Dennison, Jr.**, Academic Dean and Prof. of Church History and Biblical Theology, Northwest Theological Seminary
