Editorial Review

Review

This collection is a tremendous accomplishment from two of the leading figures in language and law, and I would highly recommend it. The chapters contain a wealth of invaluable information and ideas, and the book makes an important statement about the need to bridge the gap between legal, linguistic and psychological approaches to language and law. Chris Heffer, *The International Journal of Speech, Language and the Law*

Just very little students that has reading's soul or real their passion. They just do what the educator want, like asked to go to the library.
