If you're a rock climber, this is a must-have book. If you're not, it might spur you to try a boulder. (*Nevada Appeal*)

No other source includes nearly as many routes...The photographs are good...If you are a sport climber, this would be a worthwhile acquisition...If you are a frequent visitor or a local and you're starting to run out of routes, add this book to your library. And, of course, if you're simply a guidebook junkie, go for it! (*climbingredrocks.com*)
