Sinister Forces—A Warm Gun: A Grimoire of American Political Witchcraft By Dick Russell Peter Levenda

The roots of coincidence and conspiracy in American politics, crime, and culture are investigated in this second volume of a three-part set that exposes new connections between religion, political conspiracy, terrorism, and occultism. Not a work of speculative history, this exposé is founded on primary source material and historical documents and provides strange parallels between supernatural forces such as shamanism, ritual magic, and cult practices and contemporary interrogation techniques such as those used by the CIA under the general rubric of MK-ULTRA. Fascinating details on Nixon and the "Dark Tower," the Assassin cult and more recent Islamic terrorism, and the bizarre themes that run through American history from its discovery by Columbus to the political assassinations of the 1960s are revealed.
