A stunning behind-the-scenes look at the making of Legendary Pictures' and Universal Pictures' *Warcraft: Behind the Dark Portal*, and based on Blizzard Entertainment's World of Warcraft, the highest grossing role-playing video game series of all time.

The peaceful realm of Azeroth stands on the brink of war as its civilization faces a fearsome race of invaders: Orc warriors fleeing their dying home to colonize another. As a portal opens to connect the two worlds, one army faces destruction and the other faces extinction. From opposing sides, two heroes are set on a collision course that will decide the fate of their family, their people, and their home.

So begins a spectacular saga of power and sacrifice in which war has many faces and everyone fights for something. World of Warcraft holds the Guinness World Record for most popular MMORPG (massively multiplayer online role-playing game) ever and has grossed more than 11.5 billion dollars since it was released. *Warcraft: Behind the Dark Portal* tells the full story of the incredible creative journey that brought Blizzard Entertainment's beloved epic adventure of world-colliding conflict to the big screen. Filled with stunning concept art, unit photography, and visual effects breakdowns, this book also features insightful interviews with the incredible cast and crew, as they share the secrets behind bringing war-torn Azeroth to life.

Directed by Duncan Jones (*Moon, Source Code*) and written by Charles Leavitt and Jones, the film—starring Travis Fimmel, Paula Patton, Ben Foster, Dominic Cooper, Toby Kebbell, Ben Schnetzer, Rob Kazinsky, and Daniel Wu—is a Legendary Pictures, Blizzard Entertainment, and Atlas Entertainment production.
