Ethics for the Information Age (6th Edition) By Michael J. Quinn

Ethics for the Information Age is appropriate for any standalone Computers and Society or Computer Ethics course offered by a computer science, business, or philosophy department, as well as special modules in any advanced CS course. It is also appropriate for readers interested in computers and society or computer ethics.

In an era where information technology changes constantly, a thoughtful response to these rapid changes requires a basic understanding of IT history, an awareness of current issues, and a familiarity with ethics. *Ethics for the Information Age* is unique in its balanced coverage of ethical theories used to analyze problems encountered by computer professionals in today's environment. By presenting provocative issues such as social networking, government surveillance, and intellectual property from all points of view, this market-leading text challenges students to think critically and draw their own conclusions, which ultimately prepares them to become responsible, ethical users of future technologies.

↳

Teaching and Learning Experience

This program presents a better teaching and learning experience—for you and your students. It will help:

- **Encourage Critical Thinking:** A balanced, impartial approach to ethical issues avoids biased arguments, encouraging students to consider and analyze issues for themselves.
- **Keep Your Course Current and Relevant:** A thoughtful response to information technology requires an awareness of current information-technology-related issues.
- **Support Learning:** Resources are available to expand on the topics presented in the text.

Users Review

From reader reviews:

Vernie Ruiz:

Why don't make it to be your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite book and reading a guide. Beside you can solve your problem; you can add your knowledge by the e-book entitled Ethics for the Information Age (6th Edition). Try to stumble through book Ethics for the Information Age (6th Edition) as your friend. It means that it can to become your friend when you sense alone and beside that course make you smarter than ever before. Yeah, it is very fortunate to suit your needs. The book makes you far more confidence because you can know every little thing by the book. So , let me make new experience and also knowledge with this book.

Nellie Kim:

What do you think of book? It is just for students since they're still students or that for all people in the world, the actual best subject for that? Merely you can be answered for that query above. Every person has distinct personality and hobby for every other. Don't to be pressured someone or something that they don't desire do that. You must know how great in addition to important the book Ethics for the Information Age (6th Edition). All type of book is it possible to see on many resources. You can look for the internet options or other social media.

Bonita Crist:

In this 21st one hundred year, people become competitive in every way. By being competitive right now, people have do something to make them survives, being in the middle of the crowded place and notice simply by surrounding. One thing that at times many people have underestimated this for a while is reading. Yeah, by reading a publication your ability to survive raise then having chance to stay than other is high. In your case who want to start reading any book, we give you that Ethics for the Information Age (6th Edition) book as basic and daily reading publication. Why, because this book is usually more than just a book.

George Miller:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just very little students that has reading's heart or real their pastime. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Ethics for the Information Age (6th Edition) can make you experience more interested to read.
