Spring Boot in Action By Craig Walls

Summary

A developer-focused guide to writing applications using Spring Boot. You'll learn how to bypass the tedious configuration steps so that you can concentrate on your application's behavior.

Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications.

About the Technology

The Spring Framework simplifies enterprise Java development, but it does require lots of tedious configuration work. Spring Boot radically streamlines spinning up a Spring application. You get automatic configuration and a model with established conventions for build-time and runtime dependencies. You also get a handy command-line interface you can use to write scripts in Groovy. Developers who use Spring Boot often say that they can't imagine going back to hand configuring their applications.

About the Book

Spring Boot in Action is a developer-focused guide to writing applications using Spring Boot. In it, you'll learn how to bypass configuration steps so you can focus on your application's behavior. Spring expert Craig Walls uses interesting and practical examples to teach you both how to use the default settings effectively and how to override and customize Spring Boot for your unique environment. Along the way, you'll pick up insights from Craig's years of Spring development experience.

What's Inside

- Develop Spring apps more efficiently
- Minimal to no configuration
- Runtime metrics with the Actuator
- Covers Spring Boot 1.3

About the Reader

Written for readers familiar with the Spring Framework.

About the Author

Craig Walls is a software developer, author of the popular book Spring in Action, Fourth Edition, and a frequent speaker at conferences.

Editorial Review

About the Author

Craig Walls is a software developer at Pivotal and is the author of Spring in Action. He's a zealous promoter of the Spring Framework, speaking frequently at local user groups and conferences. When he's not writing about Spring or slinging code, Craig spends as much time as he can with his wife and two daughters.

Users Review

From reader reviews:

Kimberly Williams:

What do you consider book? It is just for students as they are still students or the item for all people in the world, the particular best subject for that? Just simply you can be answered for that question above. Every person has different personality and hobby for each other. Don't to be pressured someone or something that they don't want do that. You must know how great and important the book Spring Boot in Action. All type of book could you see on many options. You can look for the internet methods or other social media.

Robert Hollinger:

A lot of people always spent all their free time to vacation or even go to the outside with them loved ones or their friend. Do you realize?
