The Vacationers: A Novel By Emma Straub

"Delicious . . . richly riveting . . . *The Vacationers* offers all the delights of a fluffy, read-it-with-sunglasses-on-the-beach read, made substantial by the exceptional wit, insight, intelligence and talents of its author."—*People* (four stars)

An irresistible, deftly observed novel from the *New York Times*-bestselling author of *Modern Lovers*, about the secrets, joys, and jealousies that rise to the surface over the course of an American family's two-week stay in Mallorca.

For the Posts, a two-week trip to the Balearic island of Mallorca with their extended family and friends is a celebration: Franny and Jim are observing their thirty-fifth wedding anniversary, and their daughter, Sylvia, has graduated from high school. The sunlit island, its mountains and beaches, its tapas and tennis courts, also promise an escape from the tensions simmering at home in Manhattan. But all does not go according to plan: over the course of the vacation, secrets come to light, old and new humiliations are experienced, childhood rivalries resurface, and ancient wounds are exacerbated.

This is a story of the sides of ourselves that we choose to show and those we try to conceal, of the ways we tear each other down and build each other up again, and the bonds that ultimately hold us together. With wry humor and tremendous heart, Emma Straub delivers a richly satisfying story of a family in the midst of a maelstrom of change, emerging irrevocably altered yet whole.

Editorial Review

Amazon.com Review

An Amazon Best Book of the Month, June 2014: Here's the funny thing about family: there's no one you love more than your relatives, and yet they're also the people who push your buttons the most. Emma Straub has captured this dilemma in her pitch-perfect second novel *The Vacationers*. The Post family's vacation to the Balearic island of Mallorca is one fraught with jealousy and quiet secrets. It's an anniversary for parents Franny and Jim, who are making amends for some rocky marital misgivings; their son Bobby and his much-maligned older girlfriend Carmen have a financial favor to ask; and high school-age daughter Sylvia has made it her mission to lose her virginity to her Spanish tutor. The novel is warm--not just for the sunny beaches that surround Mallorca, but for the compassion and humor that Straub imbues in her characters. *The Vacationers* is a summer read for sure, but you'd be hard pressed to find a smarter one. --Kevin Nguyen

From School Library Journal

Gr 9 Up—In this delightful concoction, family and friends come together for two weeks of summer vacation on the island of Mallorca. Franny is a freelance magazine writer about food from different regions. She's currently not speaking to her husband, a magazine editor recently dismissed for sleeping with an employee only a few years older than their daughter, Sylvia. The teen cannot wait to start at Brown University in the fall. All she wants from this vacation is to lose her virginity and try to forget her best friend's betrayal. Cue Joan, the gorgeous local college boy Franny has hired to tutor Sylvia in Spanish. Also in attendance, Franny's best friend of 40 years, Charles, to provide comfort and counsel. Charles and his husband, Lawrence, are waiting to hear whether they've been chosen to adopt a baby boy. Sylvia's older brother Bobby and Bobby's much-older girlfriend, Carmen fly in from Miami. Straub fleshes out all of these characters, effortlessly illuminating their foibles and mistakes, mitigated by the grace of forgiveness and familial understanding. Just as a great recipe is balanced and spiced, so Straub mixes the stress and comedy of a family vacation spent in close quarters to delightful effect.—Angela Carstensen, Convent of the Sacred Heart, New York City

From [Booklist](#)

Starred Review Straub's second novel (Laura Lamont's Life in Pictures, 2012) is contained in the two-week vacation of the extended Post family: Franny and Jim, married over 30 years; their teen daughter, Sylvia; twentysomething son Bobby, his girlfriend, Carmen, in tow; and Franny's best friend, Charles, and his husband, Lawrence. Trading one grand island for another, the mainly Manhattanites arrive in Mallorca with, of course, a few secrets tucked in their literal baggage—and so begin the games that occur above the plane of the Scrabble board. Jim has suddenly left his beloved magazine job, and not everyone knows the circumstances; Sylvia's excitement to get to Brown might have more to do with leaving home; Carmen wishes Bobby would ask his parents for that favor already; and it's more than work e-mails keeping Lawrence searching for a Wi-Fi signal. Straub masters a constantly changing flow of perspectives as readers wonder who will forgive and be forgiven in this sun-soaked, remote paradise. Spongy and dear, sharply observed and funny, Straub's domestic-drama-goes-abroad is a delightful study of the complexities of family and love, and the many distractions from both. --Annie Bostrom

Users Review

From reader reviews:

Timothy Parker:

Have you spare time for just a day? What do you do when you have considerably more or little spare time? Yeah, you can choose the suitable activity for spend your time. Any person spent their very own spare time to take a wander, shopping, or went to the Mall. How about open or read a book titled The Vacationers: A Novel? Maybe it is to get best activity for you. You realize beside you can spend your time using your favorite's book, you can smarter than before. Do you agree with it is opinion or you have different opinion?

Bonnie Lugo:

Nowadays reading books be than want or need but also get a life style. This reading practice give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book which improve your knowledge and information. The information you get based on what kind of book you read, if you want get more knowledge just go with education books but if you want truly feel happy read one along with theme for entertaining for instance comic or novel. The actual The Vacationers: A Novel is kind of e-book which is giving the reader capricious experience.

Kayla Congdon:

This The Vacationers: A Novel is great guide for you because the content that is full of information for you who always deal with world and also have to make decision every minute. This specific book reveal it details accurately using great arrange word or we can say no rambling sentences in it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but difficult core information with wonderful delivering sentences. Having The Vacationers: A Novel in your hand like obtaining the world in your arm, information in it is not ridiculous 1. We can say that no book that offer you world with ten or fifteen small right but this reserve already do that. So , this is certainly good reading book. Hello Mr. and Mrs. stressful do you still doubt which?

Douglas Gibson:

That guide can make you to feel relax. This particular book The Vacationers: A Novel was bright colored and of course has pictures on there. As we know that book The Vacationers: A Novel has many kinds or genre. Start from kids until teens. For example Naruto or Private investigator Conan you can read and think you are the character on there. So , not at all of book are usually make you bored, any it can make you feel happy, fun and loosen up. Try to choose the best book to suit your needs and try to like reading in which.
