**Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) By Mohiuddin Khan**

**Proven methods for preventing and mitigating bridge and highway flood scour**

Offering detailed guidelines on bridge scour countermeasures, this comprehensive resource provides a proactive strategy for the design and construction of bridges to prevent scour, as well as a reactive plan for post-flood disaster management.

Topics discussed include erosion, causes of scour, AASHTO design codes, hydrology, hydraulics, scour analysis, inspection methods, and modern materials technology. Real-world case studies illustrate the concepts presented. The authoritative information in this practical guide will help you to develop more efficient and cost-effective design processes and bridge management systems for river bridges subjected to floods.

*Flood Scour for Bridges and Highways* covers:

- Floods, scour problems, and mitigation
- River instability caused by flow obstructions
- Past failures and bridges vulnerable to failure
- Geotechnical and hydraulic issues at scour-critical rivers and bridges
- Hydrology, floods, and scour-critical bridges
- Estimating scour depths and selecting applicable countermeasures
- Inspections, ratings, and monitoring countermeasures
- FHWA, HEC-18, and HEC-23 scour countermeasures as remediation
- Innovative methods of flood control and disaster management

### Editorial Review

#### About the Author

**Mohiuddin Ali Khan, Ph.D., P.E.**, is a consulting engineer and an adjunct professor at Temple University. He is the author of several textbooks on bridge engineering, including *Bridge and Highway Structure Rehabilitation and Repair* (published by McGraw-Hill Education). Dr. Khan helped to develop the New Jersey Department of Transportation Design Manual for Bridges and Structures section on scour at bridges. He is registered as a licensed Professional Engineer in five states and a Chartered Engineer in England.

### Users Review

#### From reader reviews:

##### **Anthony Anderson:**

Hey guys, do you wishes to finds a new book to read? May be the book with the name Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) suitable to you? Often the book was written by popular writer in this era. Typically the book untitled Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) is one of several books this everyone read now. This book was inspired lots of people in the world. When you read this book you will enter the new dimension that you ever know previous to. The author explained their concept in the simple way, so all of people can easily to recognise the core of this book. This book will give you a lot of information about this world now. To help you see the represented of the world in this book.

##### **Camille Wolfe:**

Typically the book Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) has a lot associated with on it. So when you check out this book you can get a lot of help. The book was authored by the very famous author. Tom makes some research ahead of write this book. That book very easy to read you can get the point easily after scanning this book.

##### **Paul Evans:**

Publication is one of source of know-how. We can add our understanding from it. Not only for students but also native or citizen want book to know the change information of year for you to year. As we know those books have many advantages. Beside we all add our knowledge, could also bring us to around the world. By book Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) we can get more advantage. Don't one to be creative people? For being creative person must prefer to read a book. Just simply choose the best book that suitable with your aim. Don't be doubt to change your life at this book Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey). You can more inviting than now.

**William Matthews:**

Some individuals said that they feel bored when they reading a e-book. They are directly felt the idea when they get a half parts of the book. You can choose typically the book Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) to make your own reading is interesting. Your personal skill of reading skill is developing when you similar to reading. Try to choose very simple book to make you enjoy to see it and mingle the impression about book and reading especially. It is to be initially opinion for you to like to available a book and study it. Beside that the publication Flood Scour for Bridges and Highways: Prevention and Control of Soil Erosion (P/L Custom Scoring Survey) can to be a newly purchased friend when you're feel alone and confuse with what must you're doing of these time.
