## The Printing Ink Manual By Robert Leach

The Printing Ink Manual was first published in 1961 under the auspices of the Society of British Printing Ink Manufacturers with the object of providing an authoritative work on printing ink technology. This, the fourth edition, continues that purpose and presents a comprehensive study of the current 'state of the art' in the ink industry. For those starting in the printing ink industry it is a textbook dealing with all aspects of the formulation and manufacture of printing ink. For the ink technician it is a practical manual and useful source of reference. For printers and users of printed material the manual supplies helpful information on the nature and behaviour of ink both on the printing press and as the finished print. Readers with a little scientific knowledge will have no difficulty in using the manual. but as in previous editions, sufficient chemistry and physics have been introduced to assist the advanced technician and research scientist.

## **Editorial Review**

### **Review**

'The Printing Ink Manual has clearly become an internationally recognised authority on all aspects of printing ink. The European ink industry will find the fifth edition essential to all involved in and practicing printing ink. Students, raw material suppliers, schools and printers will find it an important reference book.'

**H.A. Lentze, Secretary General European Confederation of Paint Printing Ink and Artists Colours Manufacturers Association (CEPE)**

'We think the Printing Ink Manual is a very special book and therefore welcome its fifth edition. We offer the Manual to all people who attend the NPIRI summer course. I have found it to be the best available book today.'

**James H. Sutphin, Executive Director National Association of Printing Ink Manufacturers (NAPIM)**

'The Printing Ink Manual has already become established as the standard source of practical information for everyone engaged in the printing ink industry. The fifth edition builds on this unrivalled reputation and the Oil and Colour Chemists Association is pleased to endorse this book and recommend it to its members.'

**Chris Pacey-Day, General Secretary Oil and Colour Chemists Association (OCCA)**

### **About the Author**

*Dr Robert Leach* worked for almost 40 years for Fishburn Printing Ink Company (now BASF) as Research Chemist, Head of Laboratories and then as Technical Director. He has edited the Printing Ink Manual since its first edition in 1961. *Ray Pierce* has worked for many years in printing ink developments, initially at Fishburn Ink Company (now BASF) as Chief Chemist and then as Technical Director. He was then European Technical Director of Inmont Corporation before becoming European Technical Director of BASF Packaging Ink Division. He was a lecturer and examiner in ink science for City and Guilds. He currently works as a consultant to the industry.

## **Users Review**
