Starred Review Harry Dresden, the Chicago PI and professional wizard, has been having a pretty weird time of it lately. In 2012's *Ghost Story*, Harry is trapped between life and death but on the trail of his own killer all the same; after discovering that killer's shocking identity, he decides to let himself pass into death. But Queen Mab has other ideas, and that's where the latest episode in the *Dresden Files* novels picks up the story. Mab, who has wanted Harry to be her hatchet man for a long time, has a job for him—several jobs, actually, a sort of shopping list of evil deeds, beginning with murder. Harry, basically a good man, doesn't take killing lightly, especially when his intended victim happens to be immortal. Harry thinks there must be a reason why Mab wants this particular immortal killed at this particular time, and when he hits up some sources back in Chicago, he figures out she's probably setting him up—but why? By this point, more than a dozen novels into the series, Butcher is pretty much assuming that if you're reading the latest *Dresden* novel, you're familiar with the ones that came before it. Readers coming to the novel without any previous experience might feel like they've tuned into an epic, multicharacter TV miniseries about halfway through, but fans of the *Dresden Files*, who have a lot invested in Harry, will be lining up to see whether he escapes his death as slickly as he did last time. Butcher remains the gold standard for urban fantasy. **HIGH-DEMAND BACKSTORY:** The *Dresden Files* started slowly as a paperback original series but eventually built an audience and moved to hardcover. From there, it was a short jump to becoming the quintessential urban fantasy. --David Pitt

Review

Praise for the *Dresden Files*

“Think *Buffy the Vampire Slayer* starring Philip Marlowe.”—*Entertainment Weekly*

“Fans of Laurell K. Hamilton and Tanya Huff will love this series.”—*Midwest Book Review*

“Superlative.”—*Publishers Weekly* (starred review)

“One of the most enjoyable marriages of the fantasy and mystery genres on the shelves.”—*Cinescape*

“Butcher...spins an excellent noirish detective yarn in a well-crafted, supernaturally-charged setting. The supporting cast is again fantastic, and Harry's wit continues to fly in the face of a peril-fraught plot.”—*Booklist* (starred review)

“What's not to like about this series?...It takes the best elements of urban fantasy, mixes it with some good old-fashioned noir mystery, tosses in a dash of romance and a lot of high-octane action, shakes, stirs, and serves.”—*SF Site*

“A tricky plot complete with against-the-clock pacing, firefights, explosions, and plenty of magic. Longtime series fans as well as newcomers drawn by the SciFi Channel's TV series based on the novels should find this supernatural mystery a real winner.”—*Library Journal*

“What would you get if you crossed Spenser with Merlin? Probably you would come up with someone very like Harry Dresden, wizard, tough guy and star of [the *Dresden Files*].”—*The Washington Times*
