## The Discworld Graphic Novels: The Colour of Magic and The Light Fantastic By Terry Pratchett

“Discworld is more complicated and satisfactory than Oz.”

—A.S. Byatt<?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" />

*The Color of Magic* and *The Light Fantastic*—the first two volumes of Terry Pratchett’s phenomenally successful, *New York Times* bestselling Discworld series—are now available in this special anniversary graphic novel edition. Strikingly illustrated and painstakingly adapted, *The Discworld Graphic Novels* brings Pratchett’s bizarre, outrageous—yet strangely familiar—universe of wizards, witches, vampires, bureaucrats, policemen, golems, dwarves, and living luggage to bold, visual life. The *Houston Chronicle* calls Terry Pratchett, “J.R.R. Tolkien with a sharper, more satiric edge.” The *Washington Post* compares him to Geoffrey Chaucer, while the *Chicago Tribune* admires his “Monty Python-like plots.” But in truth there’s no one quite like the incomparable Pratchett—on this world or any other.

### Editorial Review

#### Review

"... a satirist of enormous talent... incredibly funny... compulsively readable." - *The Times*

#### From the Back Cover

In a distant and second-hand set of dimensions, in an astral plane that was never meant to fly . .

.

Imagine a flat world, sitting on the backs of four elephants who hurtle through space balanced on a giant turtle. The Discworld is a place (and a time) parallel to our own—but also very different. That is the setting for Terry Pratchett's phenomenally successful Discworld series, which now celebrates its twenty-fifth anniversary.

*The Discworld Graphic Novels* presents the very first two volumes of this much-loved series in graphic novel form. First published fifteen years ago, these fully illustrated versions are now issued for the first time in hardback. Introduced here are the bizarre misadventures of Twoflower, the Discworld's first ever tourist, and possibly—portentously—its last, and his guide Rincewind, the spectacularly inept wizard. Not to mention the Luggage, which has a mind of its own.

#### About the Author

Terry Pratchett's novels have sold more than eighty-five million (give or take a few million) copies worldwide. In January 2009, Queen Elizabeth II made Pratchett a knight in recognition of his "services to literature." Sir Terry lives in England with his wife.
