## Choosing Democracy: A Practical Guide to Multicultural Education (4th Edition) By Duane E. Campbell

Unlike most other texts for Multicultural Education on the market, this one provides practical and useful teaching strategies and class-tested lesson plans, as well as a foundation for understanding the context of multicultural education. *Choosing Democracy* was the first text of its kind to show teachers how to construct a curriculum that is truly democratic, while at the same time meeting the requirements of today's standard's based educational environment.

Most new teachers are not prepared to face the diversity of the classrooms of today. Nor are they prepared to handle the many challenging issues that will arise in these multicultural and multilingual classes. This book gives solid and substantial coverage of important issues facing teachers such as classroom management, critical thinking, cooperative learning, assisting English Language Learners, dealing with substantive values, and assessment. It also teaches educators to formulate a deeper understanding of their own cultural frame of reference in order to develop a second multicultural perspective.

### New To This Edition:

- NEW! Provides ideas for teachers looking to change their curriculum in Chapter 12.
- NEW! Includes a new section with a new co-author, (Dr. Francisco Reveles) an expert on gang related behavior and bullying.

### Editorial Review

#### Review

This magisterial treatment of our contemporary crisis in American society, culture, and education takes us step-by-step through the treacherous terrains that impede our efforts to examine critically and expand effectively democracy in our time. His powerful text is the most comprehensive analysis we have of sharpening the practical strategies for multicultural education in America.

The best of American life has always been embodied and enacted by courageous figures who chose democracy—from Thomas Paine, Harriet Tubman, César Chávez, Ronald Takaki, to Dolores Huerta. Duane Campbell makes it clear what it means to choose democracy in our classrooms, workplaces, homes, and civic life. In short, like James Baldwin, he frightfully reminds us that we either choose democracy now or ultimately witness the fire this time!
