**Genghis: Bones of the Hills: A Novel (Conqueror series Book 3)** By Conn Iggulden

**From the author of the bestselling *The Dangerous Book for Boys***

**BONUS:** This edition contains an excerpt from Conn Iggulden's *Khan: Empire of Silver*.

From Conn Iggulden, #1 bestselling author of six historical epics and coauthor of the international sensation *The Dangerous Book for Boys*, comes a magnificent new work of fiction. Here, the Mongol conqueror Genghis Khan, stalked by enemies seen and unseen and plagued by a divided family, leads a sprawling force of horsemen beyond the realm of their known world. He will bring a storm to Arab lands and face the armies of the shah in all their strength.

From the fierce cold plains of Mongolia to the Korean Peninsula, Genghis's brothers, sons, and commanders have made emperors bow, slaughtering vast armies of fighting men. But as Genghis enters a strange new land of towering mountains and arid desert, he stirs an enemy greater than any he has met before. Under his command, Shah Ala-ud-Din Mohammed has thousands of fierce Arab warriors, teeming cavalry, and terrifying armored elephants. When Genghis strikes, the Arabs prove their mettle. On the verge of defeat, Genghis is forced to leave his own vast encampment, and the women and children in it, in the path of an enraged, savage enemy.

While the Mongols—men, women, and children—fight back, as secret assassins are sent into the night, another battle is taking shape. Two of Genghis's sons, Jochi and Chagatai, are steeped in enmity. Warriors choose between them, and a murderer commits an unspeakable crime. Soon the most powerful man in the world, who has brought devastation to this land, must choose a successor. And when he does, it will touch off the most bitter conflict of all.

In a novel that ranges from the fertile lands of the Chin to the dust and rock of Afghanistan, Conn Iggulden weaves the epic story of history's most enigmatic conqueror—those who feared him, those who defied him, and those whose bones he left behind.

### Editorial Review

From Publishers Weekly

Starred Review. The exciting third novel in Iggulden's Genghis Khan series tells the dramatic story of the Mongol invasion and conquest of Central Asia. Genghis has already defeated the Chinese and Koreans, and now marches his vast army west to punish and conquer the Muslim lands of central Asia ruled by Shah Mohammed. For eight years the Mongols ravage the shah's empire, crushing armies, destroying cities and slaughtering anyone who resists. Iggulden's vivid descriptions of bloody battles, masterful sieges and political intrigue are gripping, showcasing Genghis's brilliance as a strategist, tactician, administrator and leader. Side plots include the deadly rivalry between two of Genghis's sons, the rape and murder of Genghis's sister by a trusted adviser, the surprising rise of the shah's son as a capable enemy and the treachery of Genghis's son toward his father. This is epic historical fiction at its finest: exciting, suspenseful, colorful and well-grounded in fact. With this tale, it is easy to see why the name Genghis is synonymous with conquest and military genius. (Mar.)

Genghis Khan continues his conquest of Asia in the third installment of Iggulden's stirring epic (following *Genghis: Lords of the Bow*, 2008, and *Genghis: Birth of an Empire*, 2007). As Genghis and his armies push into central Asia, they are challenged by the crafty and powerful Shah Mohammed. The Arabs prove to be formidable enemies, and the Mongols spend years attempting to defeat them. Meanwhile, Genghis is threatened by forces within his own camp as two of his sons vie for influence among factions of warriors. Iggulden's mastery of the battle scene is in evidence as the brutally long campaign rages on. This appropriately page-turning treatment of a sweeping historical saga will appeal to fans of gritty combat fiction. --Margaret Flanagan
