Lucas By Kevin Brooks

A love story and a thriller in one, written by Kevin Brooks, the groundbreaking author of MARTYN PIG.

Caitlin is spending the summer on the windswept island that is her home. She is caught between girlhood and maturity, and feels utterly isolated from the rest of the world. Then she meets Lucas, who is the embodiment of freedom and honesty. She is instantly drawn to him. But Caitlin must also grapple with the darker forces that seem to be confronting her family. Lucas himself further complicates matters when he is hunted for an awful crime that Caitlin herself becomes involved in.

This gripping story, which takes place over one incredible month, will captivate young adult readers.

Editorial Review

From School Library Journal

Grade 9 Up-This beautifully written allegorical tale by the author of *Martyn Pig* (Scholastic, 2002) stays with readers long after it ends. Set on an isolated island off Great Britain, the novel has it all-love, hate, sin, forgiveness and redemption, and a memorable title character. As Caitlin, 15, relates the events of the previous summer, she recalls with crystal clarity the moment when the mysterious boy appeared out of nowhere. His arrival precipitates a series of incidents that exposes the ugly underbelly of the seemingly idyllic setting. Lucas, 16, is enigmatic and direct, and has the uncanny ability to read people and predict their actions. He lives off the land, and doesn't seem to want or need anyone. The locals don't understand him, and they see him as a threat. Lucas rescues Caitlin from being raped by Jamie, a seemingly upstanding college guy who, with his gang of rowdy, beer-drinking buddies, spreads rumors and innuendoes about the stranger. The situation rapidly escalates into an accusation of attempted murder after one of the island girls is brutally attacked. A group of residents abandons rational thought and becomes a senseless mob, seeking vigilante justice. The writing is extraordinarily lyrical. The often-dreamlike quality of island life is juxtaposed with the ever-present threat of violence like the calm before a storm. All of the characters are sharply defined. Lucas, with his mixture of real and unearthly qualities, is unique and unforgettable. This is a powerful book to be savored by all who appreciate fine writing and a gripping read.

Starred Review Gr. 8-10. Brooks, author of *Martyn Pig* (2002), offers an-edge-of-the-seat story that has overtones of classics such as *The Ox Bow Incident* and *To Kill a Mockingbird*. Fifteen-year-old Cait lives on a small British island and knows from the moment she sees Lucas walking on the causeway that connects her home to the mainland that he will play a significant part in her life. A handsome, prescient young drifter, Lucas is tagged as a thief by the rougher elements on the island. Cait's college-age brother has begun hanging out with one of them--Oxford student Justin, who has a dark side. As Justin becomes a danger, and Lucas a blessing, both Cait and the reader feel the confluence of events building with an intensity that is almost painful. In a final scene, the extensive foreshadowing that has permeated the book builds to a terrible climax. It's not so much what Brooks writes about (sometimes the plotting is over the top), but the way he writes. There's a purity to his style that pervades the narrative, which is by turns sweet, taut, and terrifying. The relationship between Cait and her father has a reality and honesty that's affecting. Teens may pick this up for its sheer intensity, but once they put it down, they'll ponder its meanings. *Ilene Cooper*

Review

In this British InIPort, fifteen-year-old Cait finds her peaceful life with her father disrupted when her restless older brother, Dr.,inic, comes back from university for the summer. Donlillic is drawn to the troublemaking element in their small island community, rich Jamic Tair and his hangers-on. not knowing that jarnic has made it clear he has designs on Cait despite her obvious Tjection of him. Into this tense situation comes Lucas, a boy unlike anyone Cait's ever known; Eying rough on the coast, he's despised as a gypsy by the bigoted locals, but Cait is drawn to his unusual serenity and his perceptiveness. His strangeness makes him an easy target, however, for jamic Tait's cunning hate campaign that threatens Lucas'free- dom and, when mob frenzy has been incited, his life. There are some appealing elements here-the magnetic, possibly supernatural outsider, the changes in Cair's relationship with her nerve older brother, the shady power

structures of the insular community-and Brooks is particularly good at using the physical reality of the semi-isolated island and its natural features to enhance the mood of his story. Unfortunately, this lacks the tautness that marked his previous book, *Ma" pig* (BCCB 9102), with Cait's lengthy self-examinations and explanations diffusing the tension rather than enhancing it. The heavy hand of contrivance is too evident in the events and in the characters, both the good guys (Lucas seems born for martyrdom) and the antagonists (their villainy is too pat to be interesting). The mixture of mob sway and supernatural elements is employed more effectively in Westall's *Ymxlty@ Cat* (BCCB 3192), but this will definitely have allure for readers partial to tales of romantic and misunderstood strangers. DS

From reader reviews:

Orlando Bush:

Book is usually written, printed, or outlined for everything. You can understand everything you want by a reserve. Book has a different type. We all know that that book is important point to bring us around the world. Close to that you can your reading expertise was fluently. A guide Lucas will make you to become smarter. You can feel considerably more confidence if you can know about almost everything. But some of you think in which open or reading a new book make you bored. It isn't make you fun. Why they can be thought like that? Have you looking for best book or suitable book with you?

Charles Killough:

Book is to be different for each and every grade. Book for children until adult are different content. We all know that that book is very important usually. The book Lucas ended up being making you to know about other knowledge and of course you can take more information. It is very advantages for you. The e-book Lucas is not only giving you a lot more new information but also being your friend when you feel bored. You can spend your current spend time to read your reserve. Try to make relationship while using book Lucas. You never truly feel lose out for everything should you read some books.

Charles Siegrist:

This Lucas is brand-new way for you who has interest to look for some information as it relief your hunger details. Getting deeper you into it getting knowledge more you know otherwise you who still having little bit of digest in reading this Lucas can be the light food for you personally because the information inside this kind of book is easy to get through anyone. These books build itself in the form which is reachable by anyone, that's why I mean in the e-book web form. People who think that in guide form make them feel drowsy even dizzy this reserve is the answer. So there isn't any in reading a e-book especially this one. You can find what you are looking for. It should be here for you. So , don't miss the idea! Just read this e-book variety for your better life as well as knowledge.

Mary Alejandro:

What is your hobby? Have you heard this question when you got pupils? We believe that that query was given by teacher to their students. Many kinds of hobby, Every person has different hobby. So you know that little person like reading or as examining become their hobby. You have to know that reading is very important along with book as to be the matter. Book is important thing to include you knowledge, except your teacher or lecturer. You discover good news or update regarding something by book. Many kinds of books that can you choose to adopt be your object. One of them is Lucas.
