Truth of My Songs: Poems of the Troubairitz By Claudia Keelan

Truth of My Songs is a translation of poems written by the women troubadours, known as troubairitz, whose poems disappeared after the Albigensian crusade of 1129. Together, the poems present a profound argument—for and against—the notion of *fin' amor*, the pure or fine notion of love, invented by their male counterparts. Tragic, raucous, vulgar, silly, and strange, the poems of the troubairitz prove that women's history has been recorded since the first woman raised her voice and lifted a pen.

Editorial Review

Review

“While the troubadours have been the focus of considerable scholarly and aesthetic attention, their female counterparts are much less known, particularly among contemporary poets. *Truth of My Songs* opens a wide window onto the ways in which medieval women of this particular class and place managed power and desire—and also gives us an evanescent sense of a dramatically distant world, one with radically different logics, senses, and songs. Through Keelan’s translations and her historically evocative annotations, we get to re-inhabit it in vivid glimpses that defy time.”—Cole Swensen, co-editor of the Norton anthology *American Hybrid*
