Plant Souls Speak: The Transformative Energies of Live Plants (Explorer Race Series, Book 16) By Robert Shapiro

Plant Energies Available to You: Live Plant 100% Dead Plant 10%

What we intend to speak about in this book -- if I may speak in general for all plants -- is how you as the human species can interact with plants in a more benevolent way. For a long time, you have been clear about the medicinal uses of leaves and stems and seeds and flower petals and so on, but you are only getting about one-tenth of the energy available to you in this way. It is always better to interact with the plant and its energies in its live form, but you need to know how.

The intention of this book is to reveal that formula so that you can stop searching for magical cures to diseases by exhausting the supply of life forms around you: A much simpler process is available. This book will not just comment on things you know about but show you what you are missing in your interaction with plants.

-- Dandelion

In this book, the plant world will speak through elders. This has certain advantages, allowing them to include knowledge and wisdom about their home planets. In this way, you will learn some of the old wisdom again, shared so that you can discover how to interact with the plants while they are alive, while they are a portion of the Creator of All Things.

With this, you will learn the beginnings, the reminders, and for many of you, the fulfillment of the transformation of that which does not work in your body, in your life, in your community, and in your world: the transformation of what you call dis-ease or disharmony into harmony and ease.

-- Zoosh, Isis, and Grandfather

Each plant brings a wondrous gift to share with humanity -- enjoy it!
