**Winner Take All: China's Race for Resources and What it Means for Us** By Dambisa Moyo

Our planet's resources are running out. The media bombards us with constant warnings of impending shortages of fossil fuels, minerals, arable land, and water and the political Armageddon that will result as insatiable global demand far outstrips supply

### **Editorial Review**

#### **Review**

If Moyo's calculations are correct, we are in big trouble - which makes the central premise of her book all the more arresting...It's not hard to see why Moyo is such a hit as a public intellectual -- Decca Aitkenhead *Guardian* Written to clarify important global questions, this book deserves a wide audience *Kirkus Reviews* With *Winner Take All*, Dambisa Moyo offers a timely and provocative answer to two crucial questions: How are China's leaders rushing to meet their country's exploding demand for energy, and what does this mean for the rest of us? It's a recipe for conflict-and at a crucial moment for the future of the global economy -- Ian Bremmer, president of Eurasia Group and author of 'The End of the Free Market' For anyone longing to make sense of tectonic, eco-political shifts occurring in the commodities market, *Winner Takes All* is a fascinating and important book. By focusing her razor-sharp mind on China's central role in the new commodities rush, Moyo sheds light on and makes sense of a profound and dramatic moment in our history. Her book is a must-read -- Peter Munk, Chairman and Founder, Barrick Gold Corporation [Praise for *How The West Was Lost*] Moyo is a very serious lady indeed -- Dominic Lawson *The Times* Moyo's diagnosis of the recent disasters in financial markets is succinct and sophisticated...I applaud her brave alarm -- Paul Collier *The Observer*
