Editorial Review

From Publishers Weekly

One could say that if the title of this book confuses you, then you probably shouldn't be reading it. But, as Madea helpfully suggests, "If you don't understand something I'm saying here and you're not black, you will have to ask somebody who is." Madea—Southern-speak for "mother dear"—is the fierce alter ego of Tyler Perry, who has paraded the marijuana-smoking, pistol-packing, trash-talking matron through a series of hit gospel plays and films. Although primarily a comic figure based on unapologetically crude behavior coming from a harmless-looking old lady, Madea is envisioned by Perry (who provides his own introduction before turning the reins over to his inner grandma) as a throwback to a time when strong matriarchs ruled the community. The result is a surprisingly fresh compilation of homespun advice—which Madea says the reader should take "at your own risk"—on love, sex, getting ahead in life and (strangely) the thousand-plus uses of Vaseline. Although veering dangerously close to serious at times, Perry litters Madea's anarchic, stage-ready monologues with hilariously bad quips along the lines of "the grass is always greener on the other side, but the water bill is higher." (*Apr. 11*)

From [Booklist](#)

In the persona of Madea, his popular movie character, Perry offers commentary on life, from love and marriage to child rearing to politics. In the foreword, Perry admits to speaking more freely through Madea but cautions that he doesn't share all of her opinions, some of them characteristically caustic and risqué. Madea is the prototypical busybody neighbor woman who minds the behavior of all children--and adults--speaking her mind and imparting wisdom and rules in concert with good parenting and common sense. Perry laments the absence of Madeas from communities where children are now left untended by adults. Madea spices her commentaries with recollections of growing up in a black community in the South and growing wiser through tribulations. Tucked into all the silliness that is part of the character is some sound advice on life. Madea fans, and those who appreciate brutal honesty and the occasional off-color remark, will enjoy this book. *Vanessa Bush*
