Hitler's Suppressed and Still-Secret Weapons By Henry Stevens

Now we know what spooked the Allies in the closing months of the war and why they were in such a panic to win quickly. The Allies assembled intelligence reports of supermetals, electric guns, and ray weapons able to stop the engines of Allied aircraft in addition to their worst fears of x-ray and laser weaponry. Then there were the bombs. Contained in this book are reports of structured bombs of napolit, N-stoff bombs, cold bombs, oxygen bombs which destroyed all life, atomic bombs and rumors of the mysterious molecular bomb. The true history of the fuel-air bomb is revealed by our own military. There is even a probability that the SS black alchemists of the 3rd Reich were experimenting with red mercury bomb technology. This book documents very large mystery rockets under development in Germany, far beyond the V-2. Technological history is also examined. Guess who invented the computer, magnetic tape and computer programs? How about refining crude oil using sound waves or producing gasoline for 11 cents per gallon or the synthetic penicillin substitute, "3065"? Very exotic technologies are also discussed including German experiments in time, sustained fusion reactions, zero point energy and travel in deep space. Chapters include: The Kammler Group; German Flying Disc Update (Witness to a German Flying Disc); The Electromagnetic Vampire; Liquid Air; Synthetic Blood; German Free Energy Research; German Atomic Tests; "Project Hexenkessel" The Fuel-Air Bomb; Supermetals; Red Mercury; Means To Stop Engines; Magnetic Wave-Motorstoppmittel; "Death Rays"; Distillation of Crude Oil Using Sound Waves; What is Happening in Antarctica?; Large German Mystery Rockets; Experiments in Time; tons more.

Editorial Review

Users Review

From reader reviews:

Mario Berry:

Book will be written, printed, or illustrated for everything. You can learn everything you want by a reserve. Book has a different type. As it is known to us that book is important factor to bring us around the world. Adjacent to that you can your reading expertise was fluently. A book Hitler's Suppressed and Still-Secret Weapons will make you to end up being smarter. You can feel considerably more confidence if you can know about every thing. But some of you think in which open or reading some sort of book make you bored. It isn't make you fun. Why they are often thought like that? Have you trying to find best book or suited book with you?

Rodney Wilson:

Information is provisions for folks to get better life, information presently can get by anyone with everywhere. The information can be a know-how or any news even restricted. What people must be consider when those information which is within the former life are challenging to be find than now's taking seriously which one works to believe or which one often the resource are convinced. If you get the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take Hitler's Suppressed and Still-Secret Weapons as the daily resource information.

Samuel Brooks:

Playing with family in the park, coming to see the sea world or hanging out with friends is thing that usually you might have done when you have spare time, then why you don't try matter that really opposite from that. One activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Hitler's Suppressed and Still-Secret Weapons, you can enjoy both. It is very good combination right, you still need to miss it? What kind of hang type is it? Oh can happen its mind hangout people. What? Still don't understand it, oh come on its referred to as reading friends.

Ronnie Chaney:

What is your hobby? Have you heard that question when you got scholars? We believe that that query was given by teacher to their students. Many kinds of hobby, Every person has different hobby. And also you know that little person like reading or as reading become their hobby. You need to know that reading is very important as well as book as to be the point. Book is important thing to add you knowledge, except your own teacher or lecturer. You find good news or update with regards to something by book. A substantial number

of sorts of books that can you decide to try be your object. One of them is this Hitler's Suppressed and Still-Secret Weapons.
