## Virtuous Leadership: An Agenda for Personal Excellence By Alexandre Havard

Drawing on the lives of some of the greatest political, intellectual and religious leaders of modern times, and the author's personal experience, *Virtuous Leadership* demonstrates that leadership and virtue are not only compatible, they are actually synonymous.

*Virtuous Leadership* defines each of the classical human virtues most essential to leadership magnanimity, humility, prudence, courage, self-control and justice. It demonstrates how these virtues promote personal transformation and the attainment of self-fulfillment. It also considers the Christian supernatural virtues of faith, hope and charity without which no study of leadership can be complete. The book's final section, "Towards Victory", offers a methodology for the achievement of interior growth tailored to the needs of busy, professional people intent on imbuing their lives with a transcendent purpose. Thus, the aim of *Virtuous Leadership* is ultimately practical. It is meant to be your guidebook in the quest for moral excellence.
