### **Wicked Games (Steele Security) (Volume 1) By A D Justice**

Investigative reporter Brianna Tate stumbled upon a career-making story that changed her entire life. When the trail led her into a dangerous web of lies, she was forced to choose between destroying the man she loved and giving up her entire life to enter WITSEC. After three years of living as someone else, everything changed when her true identity and location were discovered.

Noah "Reaper" Steele created a successful business in Steele Security, but he never fully recovered after he lost Brianna. He shared his bed with other women but they never had his heart. Noah's life solely revolved around his work. Everything changed the night he caught an intruder in his house and learned it was actually his long-dead love, Brianna.

With their reunion, they discovered the passion that fueled their relationship was still alive, burning hotter than ever. However, even Noah's love couldn't erase the sting of her betrayal, and he wrestled with allowing her back in his life. Brianna was the only woman he'd ever loved, but he wasn't sure he could forgive her treachery. For both to survive, Noah and Brianna had to band together, uncover the truth, and reveal the real threat before it was too late.

In his fight against the wicked games that surrounded him, would he end up losing her all over again?

Recommended for readers 18+ due to language, violence and sexual content.

### Editorial Review

#### About the Author

I have a couple of degrees and a job that pays the bills but I would rather live in the make-believe world that writing allows me to experience. I developed a love reading and writing romantic books very early in life. My initial writing experiences include short stories intended only for my friends to read. I decided to pursue my true desire after reading dozens of adult contemporary romance books and realizing I can share my storytelling knack with a broader audience.

### Users Review

#### From reader reviews:

##### **Frances Carlton:**

As people who live in often the modest era should be up-date about what going on or facts even knowledge to make them keep up with the era which can be always change and progress.
